Body I'll find-out... I'm at work right now... will get off at 7:30, then going tom DC to pick-up a VIP... from there I'll start finding-out. We need strong-men, this is real war after the election... if the shit hits the fan. If anything this is the start of you all's security foundation... if you survive it... we will. After this we will have Amanda Chase for governor... I'm planning on proposing constitutional carry for Virginia amongst other deregulations... too much fucking SECURITY rules here. First we have got to kick ass. Antifa will start the shit, we'll finish them... big time.
